

Tushar Chaudhary - Node.js Developer (Immediate Joiner)

6397984652 | tusharchaudhary12dec@gmail.com | [Portfolio](#) | [LinkedIn](#)

Objective

Software Engineer with 2.9 years of experience, seeking a Backend/Node.js Developer role.

Skills

- **Backend:** Node.js, express.js, REST APIs
- **Database:** MongoDB (Atlas, Compass)
- **Tools:** Git, GitHub, Chrome DevTools, VS Code, Vercel, Postman
- **Web Basics:** HTML5, CSS3, JavaScript (ES6)

Experience

HCLTech - Software Engineer | Sept 2022 – June 2025

Project: Internal Automation and Support Tools

Roles and Responsibilities

- Automated ticket filtering with Node.js, saving manual effort for support team.
- Build and extended REST APIs for internal tools, ensuring consistent and reliable data processing.
- Debugged backend issues such as JSON parsing and script errors, improving system stability.
- Collaborated with team of developers to implement new features and integrate APIs.
- Designed and managed MongoDB schemas using Mongoose, performing CRUD operations and data validations.

Cognizant Technology Solutions - Programmer Analyst Trainee | Jan 2022 – Aug 2022

Roles and Responsibilities

- Completed training in HTML, CSS, JavaScript (front-end fundamentals)
- Built a Netflix UI clone as capstone project, replicating layout and responsive design.
- Netflix UI clone: [Live Link](#)

Education

ABES Engineering College, Ghaziabad | Bachelor of Technology | 8.6 CGPA | 2022

Personal Project

DevTinder

Technologies used: Node.js, Express.js, MongoDB, JWT, Authentication, Postman, API Integration

Description:

- Design Authentication (Signup/Login/Logout/feed) using JWT and secure password hashing.
- Implemented CRUD operations for user requests and profile management.
- Documented and tested all APIs with Postman.

Certifications

HackerRank - NodeJS, JavaScript and CSS Certification (2025)
